

2011-12 New requirements for data collection:

New Enrollment codes:

Begin enrollment code:

- **0055** – Enrolled for instructional reporting only (to be used for reporting students where the reporting entity does not have Title 1 accountability or CSE responsibility for the student – ex: BOCES)

End enrollment code:

- **8338** – court placed in a program that does not lead to a HS diploma and is not an approved GED program (this was actually introduced for 2010-11).
- **1089** transferred to an approved GED program outside this district (use for court placements who transfer to an approved GED)
- **0066** ended enrollment for instructional purposes only (to be used to close enrollment records with a begin enrollment code of 0055)

BEDS requirements (for State Aid folks)

- ➔ **District of Residence on BEDS day** – this is a static data element for the entire school year. Populate on Student Demographic record.
 - If the student changes his/her district of residence AFTER BEDS day, this data element DOES NOT change
 - If the student is a resident of a state other than New York, use district code “80034366”
 - If the student was not enrolled in this LEA on BEDS day, use the DoR information gathered when the student registered in the district.
 - ➔ Change **grade level** PK to **PKF** (pre-kindergarten full day) and **PKH** (pre-kindergarten half day). Populate on Enrollment record.
 - ➔ Rochester district program Indicator that a nonresident student is participating in the voluntary inter-district urban-suburban transfer program (to be reported by suburban districts in the Rochester area). New program service code **2618**.
 - ➔ Pre-Kindergarten
 - Indicator of whether the PK student is:
 - in a UPK program (program service code **902**) or
 - In an “other” PK program (program service code **990**).
- New program service codes. [Either 902 or 990 record must be provided for each student that has a grade level of PKF or PKH]. If the student is in a UPK program, UPK setting must be provided from the table below:

Add New Program Service codes:
